### THE DEVICE HAS TARGETED EFFECTS:

- On the protection of DNA from the negative effects of electromagnetic radiation from household appliances and in addition from the 5G Internet network.  
Many years of penetration research at the psycho-emotional level of humans led the scientific team of DEHolding to the innovative combination of DNA restoration and improvement frequencies with Solfeggio Frequencies at the deeper levels of a human, who gets rid of the already accumulated problems while at the same time being filled with energy.

- On the psycho-emotional detoxification of man.  
Negative emotions, toxic people, and "junk" stimuli are a big part of our daily lives, resulting in the weakening of the human energy field. Unlike the body, which can defend itself if it has an excellent biochemical background, the psychotoxins that are constantly produced inside the body alter and reduce the body's defense mechanisms, so the body becomes more prone to disease and malfunctions. Nowadays, when psychosomatic disorders such as constant stress, phobias, insomnia, depression, guilt and other complexes can make a person "kneel", psycho-emotional rehabilitation is vital for mental health and for the developmental course to improve the quality of life through the elimination of phobias and limiting beliefs

In addition, the program is useful for people who want to increase their weight, as it gives a sense of inner calm, joy, which contributes to the process of proper food intake and complete assimilation.

**ABUNDANCE**  
Operating time - 2:17:00

Most people have certain limiting beliefs, fears that do not allow them to enjoy creativity, achieve goals, and consolidate high financial rewards. As a result, it can cause intense tension, stress and other emotional states that are reflected in our body. **LONGEVITY - 5G**  
Operating time - 1:15:00

One of the most important programs, which consists of an innovative combination of the famous Solfeggio frequencies with human DNA repair frequencies (such as 528 Hz). Based on this highly innovative combination, the program is able to restore proper DNA function, maintains overall health at a high level and acts as an antidote to protect DNA from the negative effects of electromagnetic radiation, from home appliances, 5G internet network etc.

As a result, the amount of vital energy, clarity of mind and mood for a healthy lifestyle increase, while at the same time creative abilities are activated.

The combination of the «Longevity - 5G» and «Protection» programs achieves on one hand the protection from the harmful electromagnetic radiation, on the other hand the elimination of any negative consequences at the level of DNA.

The combination of the programs «Health» and «Harmony» is the ultimate recipe for psycho-emotional rehabilitation, acting on both the physical body and the mental level of a human.
